The Charles F. Haanel Anthology I. Including: The Mastey Key System AND The New Psychology Charles F. Haanel was a successful business man who discovered that spiritual life is a key to success in everything you do. He proved that what is happening outside is in a direct relation to what is taking place in your consciousness. When the Master Key was published, it was one of those books that successful business men wanted out of the market. They didnt want people to read this book as its truths would help anyone to overcome limitations. He explains in very plain language how to create your own world according to your own desires in accordance with your level of discipline in attaining your goals. The rumor is that when Bill Gates was just a student, he read this book and utilized its truths. Rest is history. The Mastey Key System Every thing and institution we see around us, created by human agency, had first to exist as a thought in some human mind. Thought, therefore, is constructive. Human thought is the spiritual power of the cosmos operating through its creature man. The Master Key instructs the reader how to use that power, and use it both constructively and creatively. The things and conditions we desire to become realities we must first create in thought. The Master Key explains and guides the process. The Master Key teaching has hitherto been published in the form of a Correspondence Course of 24 lessons, delivered to students one per week for 24 weeks. The reader, who now receives the whole 24 parts at one time, is warned not to attempt to read the book like a novel, but to treat it as a course of study and conscientiously to imbibe the meaning of each part - reading and re-reading one part only per week before proceeding to the next. Otherwise, the later parts will tend to be misunderstood and the readers time and money will be wasted. Used as thus

instructed, The Master Key will make of the reader a greater, better personality, and equipped with a new power to achieve any worthy personal purpose and a new ability to enjoy life's beauty and wonder. The New Psychology Book Description The New Psychology with a synthesis of philosophy, science, metaphysics, and religion-defines man's place in the universe and reveals his latent powers with a vividness that reminds the reader of a lightning flash. Man is the architect of his own fortune. He can make or unmake himself. He can be weak or strong, rich or poor, according to the way he manipulates his consciousness and develops his inherent ability. This requires will power, determination, and self-improvement through work, activity, and study. He must learn to clothe his mind with beautiful garments of strength and power. He must be willing to spend as much money, time, and patience to bring about this mental garment as he would in clothing his body, beautifully and efficiently.
