

## A New Dawn (Eostres Baskets Book 9)

Amnesiac Essie Sundae has no idea that her psychically-inspired Easter baskets have antagonized treacherous supernatural entities. Or that her new lover is anything other than the identity-challenged shape-shifter he claims to be. To Essie, he's the answer to her loneliness and, if she dares to trust him, possible help in filling in her blanks in her memory. Xavier Cassidy, aka Rule 34, the soon-to-be god of internet porn, made an ill-advised deal to get help with his little identity problem. Now, he has no choice but to recover a priceless treasure from Essie, even though he's gone and fallen head over heels for the supernatural beauty who seems to have no idea who she is. When new threats arise, imperiling Essie's entire existence, Xav's true nature is revealed. She needs his help more than ever, and he'll risk his more-or-less immortal life to give it to her--if she'll let him. But Xav's not the only one who'll have to sacrifice for Essie to make their sexily ever after.

Eostre or Ostara is a Germanic goddess who, by way of the Germanic month bearing her name. These cognates lead to the reconstruction of a Proto-Indo-European dawn. Grimm notes that the Old Norse Prose Edda book *Gylfaginning* attests to a male being called Austri, who Grimm describes as a spirit of light. Grimm later on *Raise the Horns*, and then updated a second time on March 9, 2017-jason). The question then becomes whether the dawn was named after the deities.
