Only one wild heart can claim another... The entire bestselling Wolf Pact Series in one giant collection from New York Times bestselling author Selena Kitt. These Scottish wolf shifters will carry you away, steal your heart, and leave you breathless and aching for more! Three full-length novels in one book. **HIGHLAND WOLF PACT** Sibyl Blackthorne isn't afraid of anything except maybe being sold into marriage to a man she doesn't love. A man she's never even met. A man who, by reputation, is one of Scotland's cruelest lairds in over a century. But when a big, brawny, long-haired man, who only speaks to her in Gaelic and calls himself Raife, simply picks her up and carries her off with him into the Scottish wild, Sibyl knows she's in trouble. **COMPROMISING POSITIONS** Kirstin has never been out of her den before, but now one of her pack is seriously injured—he may even be dying. Desperate to help, she falls right into a dangerous trap. When Donal MacFalon turns those steel blue-grey eyes her way, she realizes she's facing something far more dangerous in this man than any trap. **BLOOD REIGN** Bridget was an orphan girl raised by wulvers in a secluded wilderness temple to be its priestess and guardian, but now the outside world has found her. Griff is the Red Wolverine, the prophesied liberator of his pack, and finds Bridget in his way—an obstacle he's not sure he wants to overcome.
